

Installing Stuntcar Extreme and/or Enigmo Into Built-in Storage

- 1 Insert the *3D Game Pack for Dell™ Axim™ X50v* CD into the CD/DVD drive of your computer.
- 2 Click on the install icon for Stuntcar Extreme® or Enigmo™.
- 3 If you are running Microsoft® Windows® XP SP2, click **Run** in the first warning box, and click **Run** again in the second warning box. If you are running Windows XP SP1, click **Open** in the file download box.
- 4 If you are installing Stuntcar Extreme, select the language you want to install from the drop down menu in the **Choose setup Language** box, and click **OK**. This step is not applicable to Enigmo.
- 5 Click **Next** in the installation window.
- 6 Accept the license agreement, click **Next**, and then click **Install**.
- 7 A new window will display asking if you want to install the game in the default directory. Click **No**.
- 8 Select **Built-in Storage** from the drop down menu.
- 9 Click **OK**.
